AFTERNOON  
EDITION

Volume XXX—No. 101.

MAYSVILLE, KY., FRIDAY, JULY 28, 1922.

ONE COPY—TWO CENTS

PUBLIC APPROVES  
RELEASE OF YOUTH  
IN BRACKEN COUNTY

Young Leslie Hall, who slew Lewis McClanahan last week, and was released at examination, has public sentiment.

The following is from the Augusta Chronicle:

Last Friday, Leslie Hall who shot and killed Lewis McClanahan, near Berlin, this county, on Monday, July 17, was held in custody at an examining trial held by County Judge Dodson at Brooksville.

The first witness introduced by the Commonwealth was Wm. Thompson, who accompanied young Hall to the home of his mother to get personal belongings of Barney Hall and his son, Leslie. Mr. Thompson's testimony was to the effect that he was standing by the machine while young Hall was in the house getting his belongings, and that Lewis McClanahan, who had been blackberrying, came up and started to talk to him. At about this time young Hall came out of the house, carrying a single-barreled shot gun. As he walked toward the machine, McClanahan, according to Mr. Thompson, spoke to young Hall, who replied "you have got your nerve to speak to me after the way you have treated us."

At this juncture Mr. Thompson says that Lewis went after his knife, young Hall backed away, with the gun pointed from the hip, McClanahan following him, and when he was less than ten feet of him, young Hall fired, the entire charge striking the man in the abdomen, causing a fatal injury.

Young Hall's testimony was practically the same. He denied calling Lewis any vile names, but admitted the conversation as related by Mr. Thompson.

There were quite a number of witnesses testified, all of which went to justify young Hall in the course he took.

Judge Dodson did not require much time to render his decision, and while the decision is not final, it is almost a certainty to one shot that the grand jury will not return an indictment against young Hall for killing.

GOVERNMENT WILL  
INVESTIGATE CRASH

Steamboat Inspectors to Look Carefully Into Crash of Greenwood at Dam.

Cincinnati, Ohio, July 28.—United States steamboat inspectors will make an investigation of the accident to the steamer Greenwood early Sunday morning near dam No. 35, New Richmond, Ohio. Cole M. Johnson, district No. 1 corps of engineers has received a report from the men at the dam who place the blame upon the officers of the steamboat.

Officials of the Green Line Company will demand an investigation as the men on the Greenwood say no responsibility is given which resulted in the Greenwood running into the lock wall.

No one was seriously hurt but some of the freight was thrown overboard by the impact and the boat sprung a leak. Passengers were greatly excited and were ready to leave the boat at a moment's notice.

I will call at the home and shampoo your hair for 50 cents. Satisfaction guaranteed. Rose Anderson, 215 Beech street. Phone 780. 26Julyt

ANOTHER APPEAL  
MADE FOR FUNDS ON  
LOCAL POPPY DAY

Great National University Is Most Fitting of Possible Memorials to the Men Who Gave Their Lives In World War.

A prominent local barrister writes the following appeal for the celebration of "Poppy Day" in Mayville:

His Honor Mayor J. H. Samuel, having declared, August 9th, 1922, "Poppy Day," a day on which poppies will be sold by a committee for the establishment of a National Memorial University, in honor of the memory of those who fell in the World War, it behoves all citizens, possessed with the spirit of justice, to aid, in every way possible, this worthy cause.

How fitting it is that the memory of those who sacrificed their all, their very terrestrial existence for us, should be shown some mark of appreciation for the heroic sacrifice they have made, and how noble the form of expression of appreciation it will take, a National Memorial University at which the surviving compatriots of that great war and their families can receive an education as only a National University can import. The world has recognized that the most fitting, the most lasting memorial of great achievements is of an international character. The astounding accomplishments of Alexander the Great, are, in their detail, passed into oblivion. Only the great results are outstanding, and these are shrouded in the gloom of a misty, well-nigh forgotten past. But the fact that he commemorated his achievements by the establishment of a library, such as the world of that day had never known, remains undimmed by the fact that the Alexandrian Library subsequently met its fate in the consuming torch.

So it has ever been the most active memorial of the great deeds of the past, have been institutions of learning which appeal to the fresh, impressionable minds of the youth, indelibly fixing in their minds, the deeds commemorated. The estimate the world places on such a memorial as a seat of learning may be gotten from the fact, that one of the most widely and keenly lamented losses of the World's War was the destruction of the great Louvain University.

Fitting, therefore, it is, that the sacrificial life-offering made by our dead soldier boys should be immortalized; and most fitting it is, that it should be memorialized by the establishment of a National University. Let each of us help this worthy cause in accordance with his means. Let each of us on "Poppy Day," August 9th, 1922, in a spirit of appreciation, wear a poppy, whose crimson glow will remind us of the life-blood shed by our boys on Flanders Fields and elsewhere in the great World War.

MR. JAMES CHAMBERLAIN DIES.

Mr. James Chamberlain, aged 75 years, died at his home in East Second street, Thursday evening at about 10:30 o'clock after a short illness of only a few days. Mr. Chamberlain was for many years a resident of the Lewisburg section but a few years ago moved to Maysville. He was a quiet gentleman and a splendid citizen. He is the last of his immediate family but has many relatives throughout the country. The funeral will be from the home Saturday morning at 10 o'clock and burial will be made from Maysville.

W. B. LINDSAY, President.

The Winchester club has been under the ownership of S. Baskett of Cynthiana and negotiations have been under way to transfer it to a stock company of Winchester citizens with Mr. Lindsay as president. At present the Dodgers are the weakest club of the circuit and the new management should prove a benefit.

John ("Rasty") Wright has been signed by the Studbakers, and will report Saturday for the Maysville series it was announced by officials of the Lexington club yesterday. Jim Parks is scheduled to pitch the Saturday game while the star southpaw will be sickened on the Cardinals Sunday.

BIG FEED BARN BURNS.

A large feed barn on Durrett Brothers' farm in the Washington neighborhood was destroyed by fire at about 3 o'clock Friday morning. The entire contents of hay and corn were destroyed. The fire is supposed to have been caused by spontaneous combustion in the new hay. The local fire company was sent to the scene but was unable to stop the blaze. The loss is estimated at \$3,000 and \$800 in insurance was carried with the Mason Mutual Insurance Company.

CARDINALS DEFEAT MT.  
STERLING THURSDAY

League Leaders Defeat Mt. Sterling Club at Montgomery County Capital in Thursday's Conflict.

Mr. Sterling, Ky., July 27.—Harrison held the Maysville team to three hits today, but his team mates made six errors behind him, and the Cardinals with their customary luck won over the Essex, 5 to 4, shoving the winning run in the ninth inning. The fielding and hitting of Wilbers for the locals were features of the game. Kresser and Pergrem hit home runs.

Brittingham was knocked out of the Maysville box, but Bosken took his place and both pitchers received perfect support.

Game Is Protested.

President Thoms M. Russell of the Bluegrass League Friday morning received a telegram from the management of the Mt. Sterling club notifying him of the protest of Thursday's game between that club and Maysville which resulted in a 5 to 4 victory for the latter on the grounds that Wilbers of Mt. Sterling team was called out to the plate after a batted ball to right field had gone out of sight of the umpire claiming that the rules state that a batted fair ball going out of sight of the umpire entitles the runner to score. Umpire Goodman allowed the ball to be returned and the runner was declared out at the plate. Another complaint was that left fielder Margolin of the Cardinals trapped a ball which Goodman allowed as a fair catch of a fly ball. The message further states that Mt. Sterling refuses to play further games with Goodman as umpire.

The following telegram announces the change in management of the Winchester club:

Winchester, Ky., July 27, 1922.—

Thos. Russell, President Bluegrass League, Maysville, Ky. Winchester club has been taken over by citizens of Winchester. Please mail immediately to the home Saturday morning at 10 o'clock and burial will be made from Maysville.

**CAUSE OF ROMA CRASH  
IS HIDDEN FOREVER.**

Washington, July 26.—American and Italian technical experts are in disagreement as to the most probable cause of the wreck of the semi-rigid Italian-built army dirigible Roma February 21 last, near Norfolk, Va., with the loss of 34 lives. The final report of the investigation board was made public today. The report stresses the statement that all the facts of the disaster can never be known. Those who might have known what sent the ship plunging to earth in a swift nose dive perished in the wreckage.

**WEEKLY CROP REVIEW.**

A summary of the weather and crop conditions in Kentucky for the week ending July 25, 1922, follows:

The temperature during the week average near normal, but the nights were quite cool. Good rains in the southern and western counties furnished sufficient moisture; but there was a deficiency in the northeastern district, where only scattered showers occurred. Corn made satisfactory progress and its condition is excellent. In the southern and western districts, it is fair to good in the northeastern section, but is "firing" in places on hillside land. Corn, pastures and all other crops need rain badly in the Licking Valley, the central bluegrass region, and the extreme northeastern counties. Early corn is earing well generally. There was some damage to hay in rain near the beginning of the week; but in the main the weather was favorable for hay harvest, which was completed. The week was favorable for thrashing wheat, which is nearing completion. Thrashing oats is in progress; with poor yields in most districts. Except for considerable rust in certain localities in the western counties, early tobacco is generally excellent and fair advanced for this time in the season. Most of it has been topped and the soil structure is sufficient for proper spreading except in the northern burley district, where there is complaint of "firing." Late tobacco is generally doing well, but is uneven in size. It needs rain in the northern counties. Pastures, gardens, clover and alfalfa continued to make satisfactory growth in all of the state except the dry northeast, where their condition is only fair.

Miss Lelia Wheeler who is the guest of her aunt, Miss Alwilda Wheeler of Forest avenue, leaves Thursday for Meade Springs, Tenn.

### An Old Car Today—a New One Tomorrow

No, we are not selling automobiles—simply recommending that you use Kwickwork, the magic auto enamel that makes old cars new in a hurry.

Easy to use—quick in effect—lasting in results—restores new lustre to old finish.

Buy a proof package today, have fun making the old car over, and tomorrow your neighbors won't know the old bus.

And you'll need the other Kwickwork specialties for polishing body, finishing varnish, renewing leather, etc. We have them all—and recommend them heartily.
